The goal as in times past is to offer the student one of the best programs available where they can thrive and grow mentally and physically. The new program structure allows every student to grow consistently and to take advantage of all the school has to offer.

Referral Program and Buddy Day – We greatly appreciate all the referrals our students make on behalf of the school. Should one of your referrals join our school please see Lisa for a \$50 school certificate good for testing, merchandise or seminars.

Hapkido 4 Kidz – A new program is in the making titled Hapkido 4 Kidz. Hapkido is a serious self defense art typically taught to adults. Our school has modified the program to teach children. This program will be available for kidz between 10-14 years of age. We will be publicly advertising this program in the near future and will be looking to have an initial group of 16 very dedicated students and will open enrollment for about 8 weeks or until the class full. The program will be the first of its kind in Dutchess County. Students will wear the new Hapkido Uniform. This program is very different from Taekwondo in that it is based solely on self defensive tactics. The student of Hapkido will learn rolling, falling, joint locks, throws, various ground and air kicking techniques, Safe T Weapons use and disarming, ground fighting, Safe T Weapons sparring and positive mental training disciplines. There will be 2 seminars one on Saturday June 20 and Friday July 3. The cost is \$25.00 and includes a school T-Shirt. Students may attend both seminars and only pay \$10 for the 2nd session. More information soon.
